Welcoming Schools is one of the few resources for elementary schools that provides professional development and resources on:

- Embracing Family Diversity
- Creating LGBTQ-inclusive Schools
- Preventing Bias-based Bullying and Gender Stereotyping
- Supporting Transgender and Gender Expansive Students

The Welcoming Schools approach is grounded in research that links improved academic achievement and social-emotional well-being with an inclusive school climate.

Please join us as Dr. Vincent Pompei of the Human Rights Campaign speaks to our parents about the resources to help us create safe and inclusive learning environments for each student.
