

# Book Fair eWallet

Our schools offers an easy and secure way for students to shop the Bookfair. Featuring contactless checkout, eWallet is a safe and convenient alternative to sending students to school with cash. Plus, family and friends can contribute too.

## Key features:

- \* Great way for students to select their own books
- \* Funds are immediately available
- \* Free and fast eWallet account set up

**All new**, eWallet funds can be spent at the Virtual Fair! Families will discover over 6,000 products including exclusives, new releases, and value packs. And after the Fair, shoppers can use remaining eWallet funds on The Scholastic Store Online, or fund an eWallet for the next Fair!

When your first eWallet account has been setup, you will receive an email. You can view all eWallet activity from the 'View eWallet' button on the 'My Book Fair At a Glance' page.
